Final Comments & Questions

One can only marvel at the author's depth of knowledge and her ability to record her comprehensive vision to the diploma work. Truly this diploma seems more like the work of a masters or doctoral student than a bachelor student. Even when the author admits that her hypothesis is somewhat incorrect, the argumentative style and self-critical awareness as well as her masterful writing style turn this more into a victory than a shortcoming. The author is to be congratulated on her fine work.
